

# 10 - HOT HOUSE

- A new multifunctional building – modern architecture – predominantly glass – analogous to Doctor Darwin’s original greenhouse and hot house with direct access back to house and connecting to the stable block complex with temporary exhibition area, conference rooms and toilets
- Hot house conservatory houses café retail area
- Dr Darwin’s hot house plants
- Features the Banana Tree story
- Continues the story of Charles’s journey onwards from his family home into the wider world and adventures abroad
- Plants, seeds and related items on sale
- ‘Taste of Shropshire’ menu in the café

# II - DR DARWIN'S GARDEN

- Journey back through front garden area
- Original garden plan recreated
- Trees and shrubs planted
- Follow a sinuous pathway through primroses, yew trees, mulberry trees and other chosen specimen plants
- Seating and contemplative areas
- Recreate 'semaphore' machine
